Marcus- I will be confirming with Amex that we will be signing up for a payment plan for 36 months. Payments will be made from new and separate account that will be receiving sales from UES, SYO and SH moving forward. That account will pay for the expenses (rent, payroll and misc utilities) for those locations.

**36 MONTHS**

1st Payment DUE immediately- **\$55,818**  
Monthly thereafter for 34 Months- **\$18,616**

Please confirm as we will make the initial payment of \$55,818 today.

Thanks,  
Stephanie

Hi-

I have spent a long time on the phone with Amex and these are the best payment plan options we have been given:

**10 MONTHS**

1st Payment DUE immediately- **\$167,460**  
Monthly thereafter for 9 Months- **\$55,820**

**36 MONTHS**

1st Payment DUE immediately- **\$55,818**  
Monthly thereafter for 34 Months- **\$18,616**

Let me know if you have a moment to discuss because it's valid TODAY only.

We can make either monthly payment work with the sales from UES, SYO and SH. But its the 1st payment that we do not have for the 10 Month option.
